

Brew Leaf Café Logo Design

Objective

The objective of this project was to design a clean and memorable logo for “Brew Leaf Café,” a café brand that combines the essence of herbal wellness with traditional café culture. The logo was created to represent freshness, comfort, sustainability, and premium beverage experiences.

Task Overview

The logo design combines a coffee cup with fresh green leaves to visually represent herbal drinks, tea, and coffee culture. The design uses earthy tones and elegant typography to create a calm, natural, and welcoming brand identity suitable for a modern café.

Tools Used

- Adobe Illustrator

About Logo

- Coffee cup representing café culture
- Green leaves symbolizing freshness and herbal ingredients
- Curved shapes creating a smooth and organic appearance

Brand Concept

The Brew Leaf Café logo reflects:

- Natural and plant-based ingredients
- Herbal wellness and freshness
- Sustainability and comfort
- Premium beverage experience

Steps Performed

1. Created initial logo concepts and sketches
2. Combined coffee cup and leaf elements
3. Selected earthy and natural color palette
4. Applied elegant serif typography
5. Refined logo balance and proportions
6. Exported final logo variations

Outcome

Successfully designed a professional café logo that visually communicates freshness, warmth, and modern café branding while maintaining simplicity and elegance.

About Logo

The Brew Leaf Café logo reflects a harmonious blend of herbal wellness and classic café culture. The cup integrated with the fresh green leaves symbolizes natural, plant-based ingredients, representing the café's focus on herbal drinks, tea, and coffee. The green color palette conveys freshness, health, and sustainability, while the rich brown tones evoke warmth and comforting essence of brewed beverages. The elegant serif typography enhances the brand's refined yet welcoming feel, positioning it as a serene space where customers can enjoy both revitalizing herbal infusions and traditional café favorites.
